

A different SUS this summer...

This summer, SUS will be different. Most of our grandiose plans, big concerts, rooftop cinema screenings and the late night dance parties have been put on hold. Instead we will open our 1500sqm terrace, safe & slowly.

Of course, due to the ongoing COVID-19 pandemic, we've taken precautions ensuring the safety of our guests and our staff. We've limited our capacity to avoid crowds and we're only serving seated guests in smaller groups. We advise you to please order your food and drinks from your table, or through one person per group at the bar. Be alert, avoid queues and keep distance to one another at all times.

We've set up furniture under regulations and recommendations from Folkhälsomyndigheten, keeping a safe distance between groups. Please do not move it around.

Enjoy Life!
